

Sat. Morn.

Dear Dad,

got your letter this morning just in time to cheer me up after taking a stiff German test. Glad to hear you are doing so much better. How does this 3 gal. a week gas rationing affect you?

We got our sugar rationing cards the middle of this week. There were a lot of pretty girls down in the Mason Lounge to register us. They didn't have to ask any of the fellows <sup>twice</sup> to register. ~~twice~~

I'm glad to say my marks are going to be better than I thought this term; the way spring fever

MICHIGAN STATE COLLEGE

hit me. I'm going to get an "A" in  
English and an "A" in Chemistry this term  
I hope. And maybe a B in German? The  
rest will probably be C's except ~~some~~ math  
which as usual is my bugaboo.

Because of the high wages both here  
and at Ford's Willow Run plant I'm  
seriously considering getting a job here  
in Michigan. I'm going down to Detroit  
before school lets out and see about it.

If you know anybody in particular at  
Ford's that I might get an interview  
with, it might help a lot and I  
sure would appreciate it.

Well guess I'll sign off now

W  
Even  
Beumps.
